JW Product Description						
CUSTOM MOULDING FLUOROCARBON VERMILION® TWO SUPPLIED IN HALVES ID 334.5MM OD 369.5MM DP 38.6MM DRAWING NO. JWC-FP-222353 REV. - TO CUSTOMER DRAWING NO. DD0029039 REV.01						
Reason For Deviation						
As per JWC-FP-222353 REV - James Walker are looking for STATS to confirm acceptance of;  The OD measured arc length and tolerance rather than tolerance past centre line. The minor chamfers proposed on OD "lips" at corners						
Responsible Person and Role (JW)		Thomas Longden - Applications Engineer				

JW Standard Provisions	
1	This deviation will become permanent for all future orders. It is not exclusive to just the purchase order or quote outlined on this permit, unless otherwise stated.
2	This deviation will be captured in our customer notes and a copy of the deviation will not be supplied with shipped goods as standard, although it may be referenced in the James Walker part description.
